**July 2022 - August 2022**

Summer Internship as Android and Web Developer under the guidance of Mr. Santu Purkait in Netcamp Solution Private Limited.

- Gained hands-on experience in various concepts and best practices related to Android app and front-end web development, while working on 1 android projects and 3 web development projects.
- Developed and implemented interactive and user-friendly websites and increased user engagement by 50% through intuitive UI/UX enhancements.
- As part of a collaborative team of 5 members, actively conducted independent research on emerging trends and technologies in Android and web development.
- Applied the acquired knowledge to improve project outcomes, achieving a remarkable 20% reduction in response time, and contributed to a successful collective effort, resulting in a 10% increase in customer satisfaction ratings.

## PROJECTS

**E-Kaksha Website**

Link : <https://github.com/AnmolSinghSodlan/E-Kaksha-Project>

- Developed an innovative online virtual classroom platform, empowering teachers and students to create accounts.
- Implemented robust features, such as note-sharing with over 100 academic notes uploaded, video lecture links, assignment submission of students, and comprehensive feedback from subject teachers.
- Crafted an interactive discussion forum with personalized messaging where students and teachers can engage in collaborative learning, facilitating over 1,000 discussions and exchanges of ideas on various topics.
- Established 1 admin panel to efficiently manage students, teachers, and subjects, enhancing the user experience by streamlining administrative tasks.
- Conducted thorough testing by creating more than 15 student and 8 teacher accounts to ensure the platform's reliability and smooth functioning.

**Instagram Clone Website**

- Generated an Instagram Clone Website, providing users with a seamless social media experience akin to the popular platform.
- Incorporated key functionalities, including seamless photo sharing, interactive liking and commenting mechanisms, and comprehensive user profiles, successfully handling over 100 photo uploads and facilitating 20 user interactions.
